## PRESS RELEASE MILAN APRIL 2018, HEMMA - STORIES OF HOME

A2 is a young Swedish brand presenting a collection of creative and distinct objects for public and private spaces. Our collection of furniture and interior details is contemporary with a heritage of the Scandinavian tradition. At the same time we are happy when we can challenge a little bit with interesting combinations of design, fine details, functionality and carefully chosen materials. Our vision is to be a young and brave brand that dares to realise interesting and a bit different objects. All products are, and will always be, produced in Småland, Sweden. The result is long lasting high quality products with a strong identity.

Our 2018 news were launched during Stockholm Design Week in February. The 2018 news are Reload easy chair and sofa, Corners table, Fields shelf, Look mirror, Collect 2017 cabinet, Collect 2016 low cabinet and Collect 2013 wood cabinet.

April 17-22 we exhibit at *HEMMA - Stories of home*, Via Eugenio Balzan 4, Brera Design District. At the *HEMMA* exhibition we show a small selection of products together with other Swedish companies and designers.
