COLLECT 2011 / CABINET

Collect 2011 is a distinct little cabinet for your favourite things and it is far away from any anonymous storage system. Collect 2011 is the follow-up to the original colourful Collect cabinet and the white Collect 2010 cabinet.

Collect 2011 is colourful and characterised by its interesting doors with a pattern of triangles in two levels.

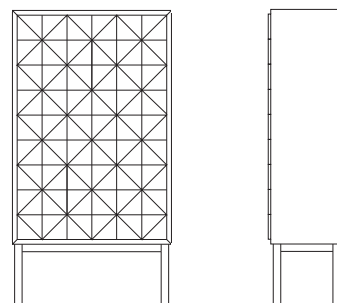

The cabinet has two movable shelves and the doors are opened by a push mechanism.

DESIGN Sara Larsson
